Did You Know?

Our coffee is proudly brought to you in collaboration with Origin, a coffee roasting company that was founded in 2006 with an aim to bring exceptional, quality roast coffee from around the world to the cups of South Africans.

Their passion for coffee goes beyond just the sourcing and roasting of coffee beans. They go a step further, providing and maintaining the equipment we use for our coffees; providing professional training for our baristas, and regularly checking their performance to ensure every cup of coffee you buy here is made with the same passion and love you would find at its home.

Make sure you check out our Peregrine blend by Origin in our shop to enjoy the same delicious taste in your own home.
